Julia Sonda

BRAND & GRAPHIC DESIGNER

HELLO, I'M JULIA!

I'm a brand and graphic designer with **9 years** in the industry. Today I run my own studio, Buenas Design Studio, and I'm creative director at Zipcode Creative, leading branding for real estate and multifamily brands in the US.

Brand identity is where I feel most at home: concepts, typography, visual systems, and everything a brand needs once it leaves the presentation. I've also spent years on marketing design, from social media to catalogs and email campaigns.

I'm organized and detail-oriented. I care about the files I deliver as much as the design, and I like everyone to know where their project stands.
